majority vote of its mem-
berhip at the regular meet-
ing.

Hancock Bank Reports Status After Camille

The Hancock Bank is opti-
mistic about the future of and for
Mississippi Gulf Coast, and
do not forego any sizable
losses in our loans," said Leo
Seal, President of the Han-
cock Bank.
Physical damage to our
ing house in comparison
that others suffered was
too extensive," Mr. Seal
added. "Five of our offices
back in service on a
ed basis Tuesday and all
two by Wednesday follow-
ing hurricane. Only at Pass
Christian and Mississippi City
we have real problems. The
two feet of water I enter
ed in two buildings."
Mr. Seal further praised the
of the bank's maintenance
partment, headed by Milton
and said they worked from
light until dark the first
weeks following the storm
had all but one of the loca-
tions in full service by Septem-
ber 1.
In summing up the banking
concern's losses Mr. Seal
said "fifty-five of our folks
suffered total or very
er property losses."
Mr. Seal said that the bank's
ed and officers believe it
take about six months for
the debris, etc. to get clear-
ed and cleaned up and major
struction under way, and that
in two years the economy
the area will be approaching
normality again.
In concluding the interview
Seal said: "On behalf of
Directors, Officers and
of the Bank, I express
this if you, too, suffered
in Camille. We pledge
our efforts to continue
build a bigger and better
Mississippi Gulf

Bay St. Louis Council Reports

Continuing the Bay St. Louis Commission Council's
policy of keeping the citizens informed with reports and
public notices the following information compiled Septem-
ber 23, is offered:

Many citizens throughout the United States made con-
tributions to the We Care-Hurricane Camille Relief Fund
Committee. The Committee then allocated sums to various
municipalities on the Gulf Coast and set up conditions under
which the cities and towns could receive the funds.

The sum of \$100,000.00 was ordered transferred by the
Committee to the City of Bay St. Louis to be promptly and
expeditiously used for providing charitable relief for the pain
and suffering caused by Hurricane Camille.

To receive funds from the Committee it was necessary
that the Mayor of the City of Bay St. Louis be empowered
to enter into a contract with the We Care-Hurricane
Camille Relief Fund Committee and also that the Com-
mission Council approve and ratify said contract.

The Council empowered the Mayor to enter into such a
contract ratified by the Council and a draft for \$100,000.00
was given to the Mayor on Monday.

Other information and instructions are as follows:
Do not start any out-of-door fires.
Keep all streets open for emergency traffic.

Boiling or other methods of water purification is no
longer necessary as the water is now fit for human use.
The water pressure is normal with all storage tanks
filled. Service is now available to everyone except in some
cases of broken service lines.

Sewage pumping is now 95 per cent operational and is
scheduled to be 100 per cent by September 26.

With the exceptions of Paradise Point and some areas
north of Engman Avenue and some dwellings with line
breaks or broken meters, the gas distribution system is
operational. A shipment of 300 new meters and regulators
has been received.

Report all water, gas and sewage leaks, health and
safety hazards to City Hall.

Power is now available to 98 per cent of the patrons.
Those not having power may have broken meters or house
wiring damage. Have possible damaged or defective wiring
checked by a competent electrician. This might prevent a
destructive fire.

Check with City Hall before entering into a contract with
any non-resident firm or individual.

The Council has passed one resolution amending the build-
ing code and a resolution requiring a building privilege
license of contractors. This resolution appears among the
Legal Notices of the Sea Coast Echo published today.

As other revisions will be made in the building codes
do not start any new building at this time. Complete re-
vision of the building code will be completed within the
next three or four weeks.

All major telephone service has been restored and the
temporary telephones at the A and J Food Market have
been discontinued.

Ninety-eight per cent of Bay St. Louis Streets are
open to traffic excluding Beach Boulevard from Uman
to Montluzin. Partially obstructed Beach Boulevard
includes a strip from Court Street to Ballantine and from
Dunbar to the end of the seawall.

The Fire Department remote control hook-up with City
Hall is in operation.

All schools are now open.

Bay St. Louis residents only, may apply for mobile
homes (trailers) at City Hall.

Applicants for mobile homes must have space cleared for
the mobile home and the road or driveway cleared from the
street to the lot. The applicant is required to pay for gas,
water, sewage and power line installation from the distribu-
tion system to five feet of the trailer. If the applicant is
unable to pay for such installations he should make applica-
tion to the Red Cross for financial assistance. Red Cross
Headquarters are in the St. Rosenthal Gymnasium.

Some delay has been encountered by trailer applicants
in the placement of trailers because the lot was not cleared
or the entrance from the street was not cleared.

If you have ordered a mobile home and then decided you
do not want it please advise City Hall at once of the cancella-
tion as your trailer can then go to one of the many on the
waiting list.

Mobile homes have been delivered to 98 Bay St. Louis
applicants to date.

Register at City Hall if you have not done so for debris
removal from private property. At this time 549 releases
for such service have been signed.

The sanitation department is now on regular schedule.
The pay of sanitation workers was increased from \$1.40
per hour to \$1.65 with a further increase to \$1.75 per hour
in six months.

All other city employees received a salary increase of
five per cent.

The City of Bay St. Louis will have its own Civil De-
partment. Paper work for the set up of the agency has
been completed. A. C. Jones has been appointed Civil De-
partment Director and J. R. Lavote was named Deputy Direc-
tor.

Commercial Fishermen Seek Federal Funds

Emergency Council Lists Priorities

At a special meeting held
Wednesday of last week in Gulf-
port, the newly appointed
Governor's Emergency Com-
mittee gave indications of pri-
ority needs for the rebuilding
of the Mississippi Gulf Coast.
Edward J. Brunini, chairman
of the emergency committee
gave 1-10 top priority because
of the heavy damages sustained
to U.S. Highway 90.

Particularly important
segment of 1-10 from Interstate
59 to U.S. Highway 49 north
of Gulfport.

It is not immediately known
what legislation will be re-
quired to speed up interstate
construction, Brunini said, but
the council is eyeing the \$1.5
billion in federal highway fund
reserves as a source of financ-
ing.

A federal budget order
which recently cut back the
highway program by 75 per
cent "does exempt a disaster
area," Brunini noted.

The other big news given lo-
cal and state political and civic
leaders following a meeting of
the 10-member council in the
Mississippi Power Company of-
fice building in Gulfport was the
announcement that President
Richard M. Nixon recently
had ordered all federal agencies
involved in disaster area pro-

grams to coordinate their ef-
forts through the Emergency
Council.

The President designated
Fred LaRue, a White House
staff member who hails from
Jackson, Miss., as federal liai-
son with the council.

LaRue read the President's
proclamation and said Mr.
Nixon is "particularly pleas-
ed" the initiative to overcome
the great disaster that is com-
ing from the local and state level.

The White House aide said he
has recommended to General

George Lincoln, head of the
Office of Emergency Planning
that Lincoln chair a meeting of
leading insurance executives in
the United States and state re-
presentatives to confer on the
significant problem of insur-
ance.

LaRue expressed the belief
it will require "legislation on a
federal level to cope with this."

Brunini said the Emergency
Council early realized it be
"absolutely essential there be
(Cont. on Page 7-A)

Coast Mayors Receive Funds For Rebuilding

Mayor Russell Davis of
Jackson, acting as representa-
tive for the "WE CARE FUND",
presented checks totaling
\$625,000 to the mayors of Gulf
Coast towns at a Rotary Club
luncheon held in the First
United Methodist Church, edu-
cational building. The money
is to be used by these cities
to help rebuild following des-
truction caused by Hurricane
Camille. Most of the WE CARE
FUND was collected by a tele-

thon conducted at Jackson which
featured Bob Hope, as well as
other well known personalities.

Mayor D. L. Connor of Ocean
Springs accepted a check for
\$25,000 while Mayors William
D. G. Smilie of Long Beach,
Garfield Ladner of Waveland,
Warren Carver of Bay St. Louis,
J. J. Whitman of Pass Chris-
tian, Daniel Gulco, Biloxi, and
Philip Shaw of Gulfport re-
ceived checks of \$100,000 each.
As guest speaker for the

NOTICE
The Mississippi State In-
surance Department has
opened an office for emer-
gency information at the
Main Street entrance of the
Hancock Bank Building in
downtown Bay St. Louis.
Walter Dell Davis, insurance
commissioner stated that
personnel are staffed in this
office to assist in any ap-
propriate matter.

ALTAR BOYS NAMED

Roy, John Noons, modera-
tor of Our Lady of the Gulf
Altar Boy Society, announced
this week that Bart Johnson
was named Altar Boy of the
year and Michael Jones Altar
Boy of the Month when the
group met last Wednesday in
the Parish Hall.

Monday night at the Waveland
Town Hall a new organiza-
tion called the Hancock County
Commercial Fishermen's Asso-
ciation met to discuss mutual
problems caused by Hurricane
Camille.

This organization has been
formed since Hurricane Cam-
ille, due to the hardships that
have been placed on these in-
dependent businessmen. At a
prior meeting Sunday night, a
committee was appointed com-
posed of the following members:
Ducre Bourgeois, Harold
Strong, Marshall Strong, Joe
Wynan, Ernest Strong, and Pat
Toomey.

Dave Johnson of Waveland
who acted as spokesman for the
association explained that these
independent businessmen suf-
fered a tremendous loss due to
Camille, and that since the sea-
food industry is a major factor
in Hancock County employment
status and monetary benefits
are derived from this seafood
industry - IMMEDIATE AT-
TENTION MUST BE TURNED
TO THIS GROUP.

According to one source ap-
proximately 300 persons are
involved in commercial fish-
ing in Hancock County - All of
these being self-employed busi-
nessmen.

The meeting was called in
order to study plans for obtain-
ing Federal aid to help these
people back on their feet. A
resolution adopted at the Sun-
day night meeting read as fol-
lows: "It was decided that all
fishermen in the area join to-
gether to provide organization,
guidance, and assistance."

Johnson stated that the fish-
ermen were having trouble get-
ting through to the various
Federal Agencies, and there
was a great need for the aware-
ness of federal programs that
could give them immediate
financial relief.

According to discussions at
the meeting, OYSTERS REEFS
have been destroyed in the area,
thus causing a long range stop-
page of the groups source of in-
come.

Discussion was made of a
program now underway in Pas-
cagoula called "Operation Grub
Stake" - whereby meals, sup-
plies, gasoline, and ice were
being provided for fishermen
in that area, to enable them to
get back in business. Rumors
had spread that this was being
done by the Federal Govern-
ment, but after being checked
in Washington, D. C., it was
found that this wasn't true, only
rumor. The program in Pasca-
goula is only local in nature.

It was disclosed by a reliable
source that Esso Oil Company
and others participated in this
program.

Several government agen-
cies were represented at the
meeting: Small Business Admi-
nistration, Farmers Home
Administration, Mississippi
Seafood Commission, and Of-
fice of Economic Opportunity.

Representatives from these
various groups told of their
operation and the limitations
which they had to work within.
It was shown without question
that the programs provided by
these agencies could offer little
or no help, because of laws
within which they must function.

Pat Toomey, gamelan warden
for this area, explained that
these fishermen need help -
NOT JUST LOANS. A federal
grant was needed now accord-
ing to Toomey.

It was brought out by one
fisherman present that he had
a boat on which payments ran
\$300.00 per month and a family
to provide for. The Red Cross
had helped him get re-estab-
lished in a house, but now his
rent was due and he is still
unable to work. He stated that
it took \$300.00 a month to
pay his monthly obligations.
He also stressed the point that
even if he obtained a loan, he
say close to \$300.00 a month
he would have to pay it back
the next month. He stated that
the fishermen were in a very
difficult position. The money
needed to get them back on their
feet was not being provided.

A resolution was drawn up
to borrow \$100,000 from Han-
cock Bank for 90 days interest
to issue payments to the
fishermen. This was to be
obtained with insurance policy
being released. This was to be
a loan, not a grant. The resolu-
tion was passed by a majority
vote. The full coverage held
on school property was said to
be in excess of \$1 Million.

Colmer Announces Emergency Flood Insurance Planning

Cong. Wm. M. Colmer (D-
Miss) announced that the Federal
Insurance Office in the De-
partment of Housing and Urban
Development is giving priority
consideration for flood insur-
ance studies in areas recently
devastated by Hurricane
Camille.

"I am advised by the Fed-
eral Insurance Administration
that applications from the Mis-
sissippi Gulf Coast Cities and
other areas severely damaged
by flooding from Hurricane Cam-
ille will be given immediate
consideration. The rate making
studies required prior to the
program being established in a
City or County will be speeded
up considerably under a new
procedure being set up by that
Office. Normally it would re-
quire several months to com-
plete such a study. Since other
communities in the country have
to be considered, too, it could
very well have required a num-
ber of years before all of our
Cities on the Coast could come
under this new program."

Under the Rules and Regu-
lations for the National Flood
Insurance Program letters and/or
Resolutions expressing in-
terest in the program and re-
questing that a study be made
should be directed to the Fed-
eral Insurance Administration,
Department of Housing and Urban
Development, Washington,
D.C. 20024. These communica-
tions should contain detailed in-

formation, including pictures
where possible, on flooding con-
ditions from Camille and any
prior high water disasters. The
letters should come from the
Mayor and City Council and oth-
er interested local agencies of
the City making the request.
Those areas lying outside of
an incorporated area can be
handled on a county-wide basis
through the County's Board of
Supervisors.

"We now have the perfect
opportunity to obtain this avail-
able program for all or most
of our Gulf Coast communities.
While this emergency situation
with the Federal Insurance Ad-

ministration is still in effect,
it is imperative that all of our
Cities and Counties within the
devastated area act as prompt-
ly as possible."

A detailed Question and An-
swer sheet along with a copy of
the Rules and Regulations on the
Program was sent by the
Congressman to all City and
County officials in July of this
year. Local inquiries regard-
ing this Program and the pro-
cedures that will be followed
should be directed to the ap-
propriate local authorities or
the Federal Insurance Admin-
istration in Washington, D.C.

Supervisors Requests Submitted To Council

The Hancock County Board
of Supervisors has completed
and officially submitted a list
of requests to the newly appoint-
ed Governor's Emergency Com-
mittee; this committee being
the proper channel between
Washington and local govern-
ing bodies.

"We now have the perfect
opportunity to obtain this avail-
able program for all or most
of our Gulf Coast communities.
While this emergency situation
with the Federal Insurance Ad-

ministration is still in effect,
it is imperative that all of our
Cities and Counties within the
devastated area act as prompt-
ly as possible."

A detailed Question and An-
swer sheet along with a copy of

Program was sent by the
Congressman to all City and
County officials in July of this
year. Local inquiries regard-
ing this Program and the pro-
cedures that will be followed
should be directed to the ap-
propriate local authorities or
the Federal Insurance Admin-
istration in Washington, D.C.

1. TRAILERS - Priority
Need liberty of assisting in
disbursement. Single people
should qualify. People can't pay.

2. SBA LOANS - relax red tape.
Need removal of guide lines so
that a person who has high pay-
ment on loan and who lost sub-
stantial income can qualify for
long term, 3% loan.

3. GRANT MONEYS must have
State seed money or 100% Fed-
eral grant.

4. BONDED INDEBTEDNESS
for City and County must be
absorbed by Government or by
grants so that no default could
be made against the City or
County.

5. ADMINISTRATIVE ASSIST-
ANCE - County unable to pay
adequate help to complete the
necessary documents required
by programs. Besides as-
sistance for all the dead dog
applications and recording fees
unable to be paid for now by in-
dividuals.

6. OFFICIALS AND COUNTY
needs per diem or expense
money for excessive time and
travel required now by the tre-

mendous amount of meetings
and duties required.

7. NEED ADDITIONAL FOR-
GIVENESS on SBA loans for
now destitute people.

8. NEED CHEAP GOVERN-
MENT SPONSORED OR SUP-
PORTED INSURANCE now so
that people can secure money
to rebuild.

Legal Aid Office Opens In County

Hancock County Bar Asso-
ciation in cooperation with the
Mississippi State Bar Associa-
tion now offers free legal
counseling to local residents
who are unable to pay attorney's
fees.

The office is located in Han-
cock County Chamber of Com-
merce building in Colonial
Plaza complex on U. S. 90 ser-
vice drive, just west of Gulf
National Bank.

Anyone who qualifies for this
free service because of limited
income or loss of employment
due to Hurricane Camille, may
come to the office between 9 a.
m. and 5 p.m. Monday, Tuesday,
Thursday and Friday; 9 until
noon on Wednesday and Satur-
day, or phone 467-9801.

School Board Reviews Losses

The Hancock County School
Board met last Friday and re-
viewed the conditions of the
schools within the county.

According to Red Davis,
school board member and Char-
les Russell, member of the
board of supervisors from
Pearlington stated that Pear-
lington Elementary School re-
pair work had been completed,
except for minor electrical
work and some windows. Red
Davis stated that this school
was damaged as much as other
schools within the system.

The Gulfview School at
Lumberton was reported to be
back in operation.

The special education school
at Clarksburg has not been
opened due to excessive dam-
age. Ed Ortle suggested using
two trailers for a temporary
arrangement and to operate
them on the Gulfview campus

since the two schools are re-
latively close in distance.

Russell Elliott, president
of the Hancock County Board
of Supervisors explained to the
school board that a complete
list should be drawn up on
needs and problems within the
school system. According to El-
liott this list will be changed
to the newly established Gov-
ernor's Emergency Council.

A resolution was drawn up
to borrow \$100,000 from Han-
cock Bank for 90 days interest
to issue payments to the
fishermen. This was to be
obtained with insurance policy
being released. This was to be
a loan, not a grant. The resolu-
tion was passed by a majority
vote. The full coverage held
on school property was said to
be in excess of \$1 Million.

EPISCOPAL CLEANUP by 30 Episcopal Young Churchmen from Meridian, Hattiesburg, Columbus, Laurel and Vicksburg spent a weekend at Christ Episcopal Day School. They were organized into work groups of six each to help with clean-up work in the Bay St. Louis and Waveland area. Above group is made up of young people from Laurel.

Humphreys Report On County-City Library

Mrs. Edith Humphreys, librarian in charge of the County-City Library in Bay St. Louis, announced today a schedule of operation now back to normal and book mobile services restored. "We are especially thankful," said Mrs. Humphreys, "that our reference books were not damaged. Now that the schools are open our students will need information from these volumes." Mrs. Humphreys said the roof of the building has been repaired and work is now in progress inside the building which includes new ceilings. Because of restoration work being done, library services are somewhat limited. Actually as of September 11 the library was back on schedule with hours of 9 a.m. to 5 p.m., on Monday through Friday and 9 a.m. until 12 o'clock noon on Saturdays.

DUES FORGIVEN

"All persons who had books out during the week of hurricane Camille and up to now may return them without paying any fines," continued Mrs. Humphreys. "We realize that many books were either destroyed or badly damaged and the insurance can cover this loss. It will be necessary, however, to obtain the names of the books in order to report the

claim. Mrs. Humphreys hopes that persons who borrowed books in this category will come in and report on the books as soon as convenient.

BOOK MOBILE

Mrs. Mildred Means, who operates the book mobile service and also drives the vehicle, says that some mechanical work had to be done following the hurricane. She covers a wide territory including Hancock County and Pearl River County and circulates up to one hundred books in a work day. Mrs. Means personal car was over-turned during the storm and demolished, however, she got out safely and made her way to the nearest Red Cross station where she served as a volunteer worker until needed again at the library.

RARE BOOKS

An undetermined number of rare books were ruined during the flooding of that section of the library, and Mrs. Humphreys says she is not able at this time to assess the value of destroyed or damaged books.

MR. LOUIS PENDERGAST AND SONS ACCEPT DELIVERY OF HIS DEPENDABLE USED STATION WAGON FROM J.C. KOENEN, SALSMAN FOR LAMAR-LANE CHEVROLET IN BAY ST. LOUIS.

Mr. Louis Pendergast of Bay St. Louis was in the need of a dependable late model used car. He visited Lamar-Lane Chevrolet and asked for J.C. Koenen. He told J.C. what he was looking for and what would he suggest. J.C. was able to offer Mr. Pendergast, a very good dependable late model station wagon that was just what Mr. Pendergast needed. The Lamar-Lane Chevrolet price that J.C. offered Mr. Pendergast was a money saver. If you're in the market for a good dependable used car, visit Lamar-Lane Chevrolet and ask for J.C. Koenen, he could save you many dollars. Oh yes! He has some good deals on the 1970 Chevy cars and trucks. LAMAR-LANE CHEVROLET, INC. Mr. Louis Pendergast (A Gerry Lane Enterprise), Adv. Bay St. Louis, Miss.

SERVING COASTAL AREA

SBA Administrator Surveys Coast Area

Wiley S. Messick, Administrator of the Southeastern Area of the Small Business Administration, which includes the Gulf states struck by Hurricane Camille, made an inspection tour Sunday, Sept. 21 of SBA offices established shortly after the disaster last month, and praised SBA personnel for their efforts, residents for their cooperative attitude in their dealings with SBA personnel and other local companies for their cooperation in assisting SBA in establishing these offices.

Messick visited SBA offices primarily to assess what additional assistance and help can be supplied SBA personnel to facilitate the flow of information and processing of applications.

James W. Cox, Disaster Area Coordinator of the Small Business Administration Disaster Headquarters Office at Gulfport, reporting on SBA's efforts five weeks after Hurricane Camille struck the area, said that seven offices located at Gulfport, Bay St. Louis, Biloxi, North Biloxi, Pascagoula, Pass Christian and Waveland have been contacted by nearly 10,000 residents of the area, and half of them have been given applications for home and business loans.

In an effort to speed the flow of applications and inquiries, 100 additional personnel from the SBA office in Washington will be assigned to the area with 16 arriving last Sunday night, and the remainder to arrive during the coming week.

Small Business Administration personnel, already totaling over 100, working 10-hour, seven day weeks, will continue to maintain this schedule as long as the need exists, and currently the flow of inquiries has diminished very little since the first SBA office opened at Gulfport on August 25th.

Cox issued a warning to area citizens affected by the hurricane, advising them that an erroneous report had circulated that it was necessary for applicants to obtain a lawyer to

assist them in completing the necessary forms in applying for loans.

The SBA Disaster Chief said that SBA personnel are available in all offices to assist in preparing the forms, and he emphasized that home loans as well as business loans are being handled by his present staff of approximately 120 people, assigned to offices from Mobile to New Orleans.

The Small Business Administration has drawn personnel to assist in the Disaster program from SBA offices across the country, including New York, Wisconsin, Florida, Maine, Massachusetts, Texas, Alabama, Tennessee, Utah, Indiana, Georgia, Minnesota, Iowa, North and South Carolina, Colorado, Michigan, Missouri, Pennsylvania, the District of Columbia, Mississippi and Louisiana.

Currently, 450 applications have been received for processing for home loans, totaling \$3,968,140.00, and 92 business loans for \$2,655,600.00.

In conclusion, Cox said that the Gulfport office continues to carry the heaviest workload, with 3,340 interviews in the first five weeks of operation with the heaviest day on August 27th when 881 interviews were conducted in all the offices with Gulfport accounting for 423.

A breakdown of office activities follows:

Office	Interviews	Applications
Bay St. Louis	1,347	553
Biloxi	1,625	1,053
Gulfport	3,340	1,505
Pascagoula	1,096	419
Pass Christian	630	442
Waveland	1,005	327

* Includes North Biloxi Office
SBA offices are located in the Hancock National Bank Building, Gulfport; Chamber of Commerce Building, Pascagoula; Gulf National Bank, Bay St. Louis; South Central Bell Telephone Building, Pass Christian; Methodist Church in Waveland.

Prevent Decay In Flooded Dwellings

Gulf Coast residents whose homes were flooded during Hurricane Camille can avoid further damage by taking a few simple steps to hasten drying of floors and framing, and thus prevent decay.

Dr. Terry L. Amburgey, research plant pathologist at the Southern Forest Experiment Station, Gulfport, said that carpeting or other floor coverings that are very wet should be lifted. Then the baseboards

should be removed from all of the walls so that wooden studs and base plates can dry more rapidly.

"In almost all cases," he said, "the sheet rock walls in flooded rooms will have to be replaced. Therefore, this material should be removed early to permit the studs and sills to dry. In addition, all insulation should be taken from portions of the walls that were under water."

The wooden interiors of the walls should be thoroughly dry before the wall insulation and sheet rock is replaced, Dr. Amburgey said. Otherwise, the wood within the walls will stay wet and decay rapidly. Homeowners would probably have more expensive repairs to make than they do now, he added.

Residents whose homes received roof damage can minimize further damage, he said, by temporarily repairing all roof leaks with roll roofing or polyethylene sheeting. Then they should inspect the attic and remove all wet insulation.

"By taking these steps, homeowners in this area may save themselves many dollars, and the rebuilt portion of their homes will remain structurally sound," Dr. Amburgey said.

Buy Mississippi Made Products

The Mississippi Marketing Council, State Office Building, Jackson, advises that October 1969 will mark the beginning of the "Buy Mississippi Products" campaign. The 1969 program has been changed from the one-month format to a year-long campaign. This program is designed to show our fellow Mississippians the benefits that are inherent when they support their local businessmen through buying quality Mississippi products.

During the coming year, emphasis will be made on a periodic basis. The program will start with October as the kick-off month, followed with additional promotions being made during Christmas, Easter, the Fourth of July, and the Back-to-School time of year.

Fayard; Landry Plans Revealed

Mr. and Mrs. Frank Fayard of Bay St. Louis, announce the engagement and approaching marriage of their daughter, Karen Marie to George Morales Landry, son of Mr. and Mrs. Sam Whittington of Pearllington.

The wedding will take place at 2:00 p.m. on October 26th in Our Lady of the Gulf Catholic Church.

Miss Fayard is a graduate of Bay Senior High School.

Mr. Landry was graduated from Hancock North Central and is presently employed in New Orleans at the Halter Marine Shipping Co.

Friends and relatives are invited to attend through this medium.

A girl, Paula Ann, was born September 18 at Hancock General Hospital to Mr. and Mrs. Donald Lee Burch. She weighed six pounds, 14 ounces. Mrs. Burch is the former Sylvia Elaine Williams.

MISS KAREN FAYARD

Sen. Eastland Urges Lifting Loan Ceiling

In a message addressed to the head of the Small Business Administration Senator James O. Eastland strongly urged a lift of the ceiling on loans and labeled the recommended action highly important to Mississippi.

"Every loan should be judged on its own merits," he affirmed Senator Eastland, and added: "It is important that the unrealistic and highly unworkable ceiling be removed from these loans."

GUEST EDITORIAL

Everyone loves the Fair -- it's always the same as the mile-long midway arises from the black top pavement with the Royal American Shows stretching out with its 50 rides and show; the display booths with competition among poultry, livestock and farm products exhibitors. There is something for every one old or young.

The 1969 edition of the State Fair, October 7-14, on the state fairgrounds in Jackson promises to be the largest in its 110 year history. Over 275,000 fair-goers are expected. "Last year all previous attendance records were broken," said H.H. Annison, General Manager for the State Fair Commission.

The Mississippi State Fair began in 1858 and has been held annually with the exception of lapses caused by the War Between the States and later, by the yellow fever epidemics. On the fairgrounds in Jackson between the Mississippi Old Capitol and the Pearl River.

Along with the sharp competition in judging of poultry, livestock, farm products and other exhibits, the Fair will have industrial and commercial displays featuring the products and services offered by Mississippians.

More than 175 exhibits and displays of the advances in the state's agricultural, industrial and commercial development will serve as the show window for Mississippi's progress. Premiums well over \$30,000 will be given away involving beef, dairying, swine, sheep, poultry, floral, honey, women's work in food preservation, arts and crafts, vocational education, the Future Farmers of America and 4-H Clubs competitions.

Midway features of the State Fair include rides and shows to entertain the entire family. Royal Americans Shows, avenue of thrills and laughter, traveling to the Fair on 80 double-length railroad cars, will include Leon Miller's "South Terrific" musical revue of Club Lido.

Again this year will be the public ice skating facilities set up in the Coliseum. Open daily from 2 to 4 p.m., 5 to 7 p.m. and 8 to 10 p.m. during the week of the Fair. Skate rentals will be 50 cents with admission charges of 75 cents for adults, 50 cents for children and 25 cents for spectators.

Fair gates open at 9 a.m. daily except opening day, Tuesday, October 7, when the gates will open at 12 noon. Regular gate admission tickets are 50 cents for adults and 25 cents for children between 6 and 12 years of age. Children under 6 are admitted free when accompanied by an adult. All school children will be admitted for 25 cents Friday, October 10. A book of 10 tickets may be purchased in advance of October 7 for \$3.00 which is a savings of 20 cents per ticket. Orders may be made by writing the Mississippi State Fair, P.O. Box 892, Jackson.

A Conservative View

by James J. Kilpatrick

The President's advisors were trying to sell him "the New Federalism" a few weeks ago, as a neat little label to paste on his programs. Mr. Nixon reportedly turned the label down, on the superficial grounds that federalism isn't as familiar as corn flakes. Now could he sell a new federalism to people who don't know the old?

In the superlatives for the first year of the Law Enforcement Administration, the Department of Justice, the President could find an outstanding example of new federalism in action. One hesitates to write a rave review, but the LEAA's performance appears to merit the highest praise.

By way of background, it will be recalled that the Omnibus Crime Control Act became law in June of 1968. One section of the act authorized matching grants to states and localities "in order to improve and strengthen law enforcement." In August, Congress approved a \$60 million budget. In late October, with only eight months remaining of the fiscal year, the Law Enforcement Assistance Administration went to work.

Federal grants-in-aid, of course, are nothing new. Roughly 400 such programs are in operation now. But most of them, to judge from the complaints of local officials, are mired deep in bureaucratic swamps. They suffer from too many guidelines and too much paperwork. Most of the grants are characterized by regimentation, nitpicking demands, and maddening delays.

The miracle of this fledgling agency in Justice, under the direction of Charles H. Nease, is that apparently it has avoided all these common-sense criticisms. In less than six months, the LEAA has been able to get the money flowing to state and local law enforcement agencies. It has been able to do this by cutting out the red tape and bureaucracy that has plagued other federal grant programs.

The State governments, which so often are accused of apathy and incompetence, responded to these grants with the zeal of hellfire. By April 10 of this year, California had filed the first application--a 26-volume application, amounting to nearly 6,000 pages. Other states followed in a rush. By the time the fiscal year ended on June 30, every one but American Samoa had come under the wire. In their scope and variety, the State-local programs provide a notable example of federalism at its best.

California is pursuing a dozen projects, ranging from alcoholism to court reform. Alabama and Iowa, among others, will use their grants in the field of juvenile delinquency. Idaho came up with training seminars for judges. Maine, Ohio, Arizona and Minnesota are concentrating on police selection and training. Nebraska, Texas, Nevada, Colorado, Alaska and Rhode Island are seeking to improve communications systems. Georgia won approval for a pilot program of work release for prisoners.

Meanwhile, fourteen large cities have qualified for direct Federal grants. Detroit got \$100,000 to work on an "electronic robbery stake-out system." Dallas got \$18,000 to study a first-offender program among juveniles. Los Angeles won \$80,000 for an evaluation of "closed-circuit television capabilities in tactical situations." Chicago bid for "Operation Outreach," described as a detoxification, diagnostic, and referral center. In a separate program, academic fellowships were going to some 30,000 college men studying police techniques.

Remember, none of the money was available until June 1, 1969. And yet, in less than six months, the LEAA has been able to get the money flowing to state and local law enforcement agencies. It has been able to do this by cutting out the red tape and bureaucracy that has plagued other federal grant programs.

bureaucracy with sense enough to keep its cotton-pickin' hands off the States, and to let them make their own successes--and their own mistakes.

William R. Momack

William R. Momack, 67, a resident of Shoreline Park, died at 8 p.m. Thursday, September 18, in Hancock General Hospital.

The body was sent by Riemann's Fahey-Whitfield Funeral Home to P. J. McMahon and Sons Funeral Home, New Orleans, for services and interment.

Mrs. Audrey Cobb

Mrs. Audrey E. Cobb, 28, a native of Waveland and a resident of Indian Harbor, Fla., died at 1:10 p.m. Wednesday, September 17 at Patrick Air Force Base Hospital following a long illness. She was the daughter of Wilbur D. and Mazie Carco Bourgeois of Waveland.

A 1948 graduate of Bay High School, Mrs. Cobb resided in Biloxi, she spent three years in Japan and three years in Germany while her husband was on leave of duty with the U.S. Air Force.

Survivors, in addition to her parents, are her husband Edward W. (Bill) Cobb; four daughters, Misses Christine E., Sandra A., Cathy M. and Sharon L. Cobb, Indian Harbor; a brother, Joseph D. Bourgeois, Pascagoula, and a sister, Mrs. Patricia Olsen-Lover, Del.

Funeral services were conducted from Riemann's Fahey-Whitfield Funeral Home at 1:30 p.m. Saturday followed by a Requiem Mass at 8 p.m. in St. Clare's Catholic Church. Waveland. Interment was in Waveland Cemetery.

Mrs. Louise Crawford

Mrs. Louise Crawford, 81, a former resident of Bay St. Louis, died at 8:50 p.m., Wednesday, September 17, at Tourou Infirmary, New Orleans.

Mrs. Crawford, a native of Harrisonville, Mo., had resided for most of her life in Bay St. Louis. She was former manager of the Woman's Club in St. Louis, Mo., and had been making her home with Mr. and Mrs. Fred J. Perench in De Lisle.

Mrs. Crawford was a member of Christ Episcopal Church and a former Guild member. Survivors include two daughters, Mrs. Fernand, and Mrs. Clem E. Perench Jr., New Orleans; a son, Owen Crawford, Thibodaux, La.; six grandchildren and one great-grandchild.

Episcopal services were held at 3 p.m. Friday with religious rites conducted by Rev. M. L. Agnew, Assistant Rector of Christ Episcopal Church, in Our Lady of the Gulf Catholic Church. A prayer service was held at Riemann's Fahey-Whitfield Funeral Home with interment in Cedar Rest Cemetery.

Mrs. Amelia Collins

Funeral services for Mrs. Amelia Collins, a resident of Bay St. Louis who died September 14 in New Orleans, were held at 11 a.m. Saturday from Hall's Funeral Home, Bay St. Louis, with religious rites at St. Rose De Lima Catholic Church. Interment was in Cedar Rest Cemetery.

Survivors are six daughters, Mrs. Cleo Givens, New Orleans; Mrs. Frances Lewis, Los Angeles, Calif.; Miss Belle Collins, Mrs. Nellie Bell, Mrs. Portia Golden and Mrs. Alicia McKay, all of Bay St. Louis; four sons, Jefferson, Martin, Amadee and Milton Collins, Bay St. Louis; a brother, Harry Lyons, Albany, Ga.; a sister, Mrs. Joelle T. Smith, Sidel, La. and 16 grandchildren.

Oscar M. Spotorino

Oscar Spotorino, 82, a native of Bay St. Louis and a resident of Arabi, La., died at 6 p.m., Wednesday, September 17, in New Orleans.

A resident of New Orleans for approximately 60 years, Mr. Spotorino was engineer at De Soto Hotel, New Orleans and a member of the Catholic Church. Son of the late Andrew J. and Catherine Olivari Spotorino, his only survivors are cousins, Miss Carmelite Spotorino and Bartholomew Spotorino, Bay St. Louis; Mrs. S. Allen Bordelon, Marksville, La., and Mrs. S. V. Bordelon, Bordelonville, La.

Funeral services were held at 10:45 a.m. Saturday from Riemann's Fahey-Whitfield Funeral Home followed by a Requiem Mass in Our Lady of the Gulf Catholic Church with interment in St. Mary's Cemetery.

Julia Everett

Julia McDonald Everett, 73, who prior to her death during Hurricane Camille, lived at 505 St. Louis Street in Pass Christian, was buried in Live Oak Cemetery following services at Our Lady of Mercy Catholic Church in Saucier with the Rev. Philip McLooney officiating assisted by Rev. Thomas Tiller of Indianapolis.

A native of Bay St. Louis, Mrs. Everett was well known along the Gulf Coast. For many years she worked closely with the Harrison County Youth Courts, co-operated with Parent-Teacher Associations in the interest of keeping young people in school, and of helping young people in trouble.

Her nephews: William J. McDonald, Frank J. McDonald, George J. McDonald, Sr., George J. McDonald, Jr., Donald J. McDonald and Herman L. Nisbet served as pallbearers.

Mrs. Louise Crawford

Mrs. Louise Crawford, 81, a former resident of Bay St. Louis, died at 8:50 p.m., Wednesday, September 17, at Tourou Infirmary, New Orleans.

Mrs. Crawford, a native of Harrisonville, Mo., had resided for most of her life in Bay St. Louis. She was former manager of the Woman's Club in St. Louis, Mo., and had been making her home with Mr. and Mrs. Fred J. Perench in De Lisle.

Mrs. Crawford was a member of Christ Episcopal Church and a former Guild member. Survivors include two daughters, Mrs. Fernand, and Mrs. Clem E. Perench Jr., New Orleans; a son, Owen Crawford, Thibodaux, La.; six grandchildren and one great-grandchild.

Episcopal services were held at 3 p.m. Friday with religious rites conducted by Rev. M. L. Agnew, Assistant Rector of Christ Episcopal Church, in Our Lady of the Gulf Catholic Church. A prayer service was held at Riemann's Fahey-Whitfield Funeral Home with interment in Cedar Rest Cemetery.

Frank A. Carvin

Frank A. Carvin, 79, of Waveland, died at 7 a.m., Sunday, September 14, in Hancock General Hospital where he had been a patient for a short while.

A native of De Lisle, Mr. Carvin resided in Bay St. Louis for 20 years prior to moving to Waveland six years ago.

A retired carpenter, he was a member of St. Clare's Catholic Church, Waveland, and the Parish Holy Name Society.

Survivors are his widow, Mrs. Wilhemina Neelie Carvin, Waveland; a daughter, Mrs. Lloyd Bourgeois, a brother, Stanley Carvin, both of Waveland; a sister, Mrs. James Pucheu, Gulfport; three grandchildren and five great-grandchildren.

Funeral services were held at 4 p.m. Tuesday with a prayer service at Riemann's Fahey-Whitfield Funeral Home followed by a Requiem Mass in St. Clare's Church. Interment was in Waveland Cemetery.

Funeral services were held at 4 p.m. Tuesday September 16, with a prayer service at Riemann's Fahey-Whitfield Funeral Home followed by a Requiem Mass in St. Clare's Church. Interment was in Waveland Cemetery.

Pallbearers were Leroy Pucheu, Harvey Pucheu, J. W. Olsen, Eric Lawson and Touline Netto.

Gregory R. Peterson

Gregory Ronald Peterson, son of Mr. and Mrs. Ronald Asa Peterson, 441 de Montluz Avenue, was dead at birth Sunday morning at Gulfport Memorial Hospital.

Survivors, in addition to his parents, are his paternal grandfather, Asa Peterson, and his maternal grandparents, Mr. and Mrs. Leonard Ring, all of Bay St. Louis.

A graveside service was held Monday afternoon in St. Mary's Cemetery under the auspices of Our Lady of the Gulf Catholic Church.

Special Report From Washington

By Jack Anderson

MORE TROOP WITHDRAWALS

President Nixon, in giving congressional leaders a private briefing on troop withdrawals, did not mention any plans for pulling additional troops out of Vietnam after December. This column can report, however, that plans are being drafted for additional withdrawals. Whether they will be implemented will depend upon the scale of the fighting.

Eventually the President would like to pull all combat troops out of Vietnam except for volunteers. His hope is to turn the fighting over to the South Vietnamese as rapidly as possible, but to provide them with air cover, airlift and logistical support.

PENTAGON LOSING ON BUDGET

The Defense Department and the Budget Bureau have been battling fiercely behind the scenes over next year's military budget. President Nixon is desperately eager to show a surplus as a check on inflation and as evidence of Republican fiscal responsibility.

In the past, the Pentagon has won almost every showdown with the Budget Bureau. However, the President has sharply informed Defense officials that the Budget Bureau now speaks for him. The Defense budget this year is expected to reach \$80 billion and the President wants this slashed down to the low \$70 billions.

He is particularly counting on Deputy Secretary David Packard to find economies in military bases around the world. Packard is now preparing a report on how overseas personnel and facilities can be reduced.

BEAUTIFICATION CUTBACK

President Nixon, as part of his economy program, has quietly been eyeing Lady Bird Johnson's beautification program. In the Washington area

L. J. Fountain, Sr.

Louis Joseph Fountain Sr., 61, father of L. J. Fountain, Jr., of Bay St. Louis was pronounced dead on arrival at Howard Memorial Hospital, Biloxi, Sunday afternoon.

A lifelong resident of Biloxi, he was a retired fisherman and carpenter.

Other survivors include three sons, Eldred and Ronnie Fountain, both of Alabama, Calif., and Robert Fountain, South Carolina; four daughters, Mrs. Geroldine Todd, Mrs. Gene Weddington and Mrs. Maxine Adams, all of Alabama; and Mrs. Rowena Fountain, Washington; three brothers, two sisters; 29 grandchildren and one great-grandchild.

Funeral arrangements are pending at Bradford-O'Keefe Funeral Home, Biloxi.

Edwin J. Engman

Edwin J. Engman, a native of Bay St. Louis and a resident of New Orleans for the past few years, died at 9:15 p.m., September 20.

He was the son of the late Bertha Liess and Robert Engman and brother of the late

alone, she increased the federal floral budget from \$145,000 in 1964 to \$485,000 in 1968. Some White House aides have suggested that possibly the federal government should be able to get by with fewer flowers.

U.S. ARAB CRISIS

On the eve of Israeli Prime Minister Golda Meir's visit to the United States, the State Department's Arab experts have submitted a confidential, urgent warning that Arab-American relations have just about reached a point of no return. They report that even such former U.S. friends as Jordan and Lebanon have become bitter against the U.S. for favoring Israel.

The hostility between the Arabs and Israelis, the experts claim, has just about reached the condition of a holy war which cannot be settled at any true table.

The State Department's Middle East section has always been dominated by pro-Arab, anti-Israel diplomats who believe strongly that the U.S. must reach an accommodation with the Arabs. They point out that the population, the geography and the resources of the Middle East are overwhelmingly Arab. As a result, they have opposed every pro-Israel move made by the U.S., going back to recognition of Israel in the first place.

CONGLOMERATE PROBE

There were over 4,000 mergers of all types last year, a new record high. House Judiciary Chairman Manny Celler, who is probing into conglomerate mergers of corporation in different fields of industry, is worried about the threat of massive concentration of power in the American economy.

Six huge conglomerates are under fire by Celler's committee: International Telephone and Telegraph, Ling-Tech Corp., Vought, Litton Industries, Gulf and Western Chemicals, National General Corp., and Leasco Data Processing.

CHANCERY SUMMONS

NO. 10,874
THE STATE OF MISSISSIPPI
To the unknown heirs at law of Octavie, Francois; and any and all other persons having or claiming any legal or equitable interest in and to the following described property, to-wit:

High Clobbers Pearl River 41-14

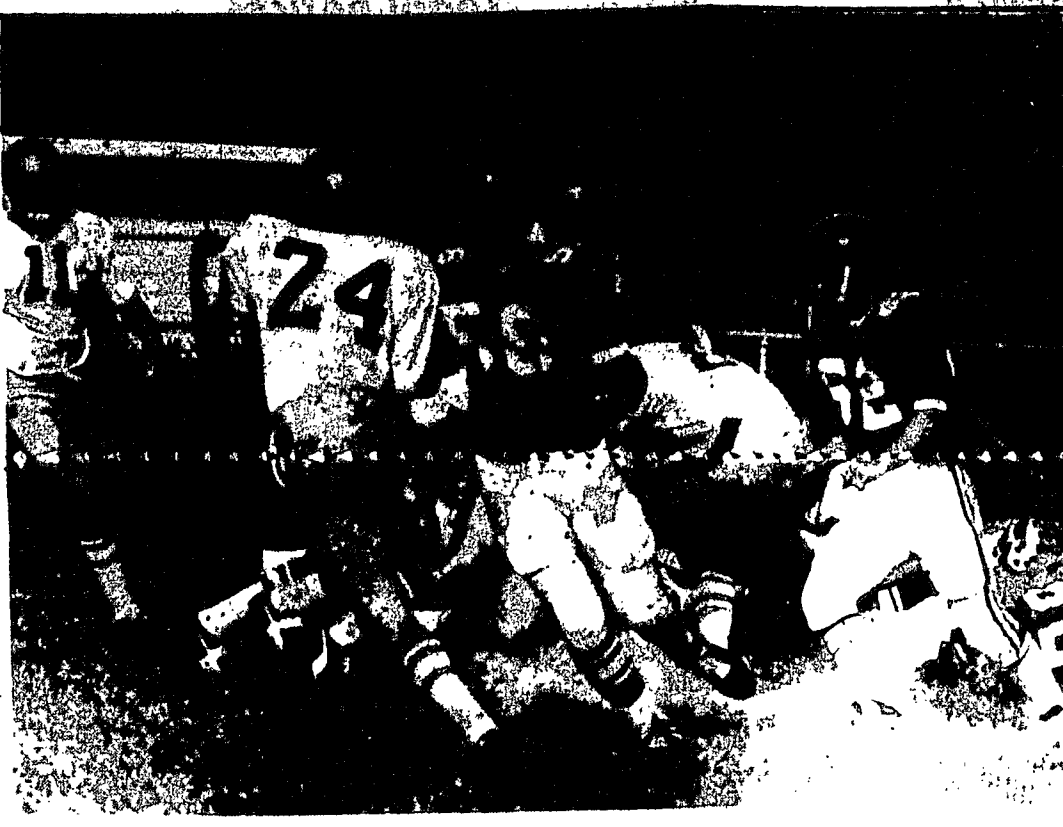

Bay High quarterback Estapa teamed up with end Mike Lymuel on a 50-yard bomb only minutes before the half. The Tigers missed the extra point.

Going into the second half with a 27-8 margin, Bay High scored twice in the third quarter to close out its point parade.

Early in the third stanza, Estapa scored on a keeper from the 10, and then passed to McFarland for the two-point conversion.

Marching across mid-field half way through the stanzas, Bay High's Estapa tossed 30-yards to Lymuel for a circus catch and their final score. The Tigers missed the extra point.

Pearl River Central made its second and final tally late in the third period on a pass from Kelly Holston to Olean Spence for a total of 15-yards and the touchdown. The attempt for the passing conversion failed.

DOUG BURCH advances the ball in Bay High's 41-14 win over Pearl River Central.

HNC To Host Bay Saturday

The High School football game of the season for Hancock County fans will be played Saturday afternoon when Hancock North Central hosts Bay High. Game time is 4:00 o'clock.

For the first time in eleven years both teams are undefeated as they meet. Each team has won its first two games.

Each team will be at its best and eager to win. Bay High has won all previous contests and wants to continue while HNC expects to break the momentum of its winning ways.

Timber Salvage Operations Increase

International Paper Company timber salvage operations are accelerating in south Mississippi, according to R. S. Andrews, regional manager of the Company's Gulf Woodlands Region. Since Camille, 15,000 cords of pulpwood have been processed in the area and production is increasing.

Pulpwood producers from Alabama, Louisiana, and northern Mississippi have moved into the area to supplement the efforts of resident producers.

In addition to temporary woodyards opened at Sea Glen and the Mississippi Test Flight Facility in Hancock County and Hillsdale in Pearl River County, the Company opened another temporary woodyard in Gulfport. With the resumption of traffic on the L and N Railroad regular shipments from Lake-

BOB EDWARDS (35) of St. Stanislaus goes for a first down during Saturday's game with the Shaw Eagles in Behoman Stadium at New Orleans. (Kelly Photo)

shore and Pass Christian have started.

At the Company's forest products complex under construction at Wiggins plans for the early completion of water spray storage facilities are being finalized. This will enable salvaged timber to be preserved until the facility begins operation in mid-1970. A temporary log storage area is being prepared near Perkinson at Ten Miles with a capacity of 1-1/2 million board feet. Other storage areas are under consideration.

As announced earlier, the Company is cooperating with the Governor's Forest Disaster Salvage Council. Every effort is being made to salvage storm-damaged timber from the lands of independent tree farmers as well as Company timber lands.

Shaw Eagles Topple Rock-A-Chaws 41-0

The Rock-A-Chaws suffered a disheartening defeat by New Orleans' Shaw Eagles Saturday being on the short end of a 41-0 score. The game was played in Behoman Stadium.

For St. Stanislaus the highlight of the game was Bob Edwards' 40-yard run which ended 10 yards from Shaw's goal line.

The winners' outstanding play was an interception which led to pay dirt.

Though the Rocks lost they are determined to overcome any setback caused by Camille and beat Nichols Friday afternoon at St. Stanislaus Stadium. Game time is 3 o'clock.

Miss. Power Co. Office Build-
ing.
Dr. Wagner said an inven-
tory of the multiple problems
is underway and Thursday an-
other inventory was to begin
on public projects and propo-
sals which were underway or
being considered when Camille
struck on Aug. 17-18. Priori-
ties are expected to be as-
signed those projects most
likely to immediately benefit
the economy.

The R&D director listed the
following approach: the way to
providing solutions to the in-
ventory of the county, and
expediting the completion of
key public projects, and
conducting a long-range develop-
ment program which makes
the most use of the county's
resources.

The county government

local and state bonds, and must
seek solutions to the insurance
and housing problems arising
from the disastrous blow.

He indicated a stepped-up
drive to lure new industry into
the area as a means of bolster-
ing the sagging economy.

Judge A. F. Summers, state
attorney-general, outlined to
the audience the sweeping pow-
ers on the Emergency Council
as conferred by proclamation
of Governor Williams.

"Their job is the gathering
of facts and the gathering of
ideas," Judge Summers noted.
He said the "goal" of the
appointed council members and
their "dedication to this
effort." These outstanding citi-
zens, he added, are serving at
their own expense.

The council members are
William J. Harold Biddy of
Biloxi, Robert M. Hear-
n and Russ M. Johnson of
Jackson, Gil Carmichael of Me-
chanicville, Alf Dantzer of Pasca-
dulla, Kenneth Layton of Gulf-
port, Leo Seal Jr. of Bay St.
Louis, Sidney Livingston of Ru-
bille, and J. R. Scribner of
Vernon.

PENTECOSTAL REVIVAL

ter Response Meeting Topic

The response to the disaster will be the topic of a critical response to two speakers in the state this morning by Charles W. Quittman, chairman of the Mississippi Association of Hospital Administrators and president of Hinds General Hospital in Jackson, presiding, will be devoted to a critique of Hurricane Camille.

Reporting on the response to Hurricane Camille will be: C.P. Wimberly, administrator, Memorial Hospital at Gulfport; Lester L. Tuck, Director, Singing River Hospital System, Pascagoula; H. J. Blackledge, administrator, Hancock General Hospital, Bay St. Louis; John P. McDermott, administrator, Howard Memorial Hospital, Biloxi; Percy F. Miller, administrator, Ocean Springs Hospital, Ocean Springs; L. B. Lamm, M.D., administrator, Veterans Administration Center, Biloxi; and Surry A. Grant, administrator, L. O. Crosby Memorial Hospital, Piquette.

The morning session will be devoted to the Hazlehurst tornado, and the afternoon session, with Richard H. Malone, president of the Mississippi Hospital Association and president of Hinds General Hospital in Jackson, presiding, will be devoted to a critique of Hurricane Camille.

Reporting on the response to Hurricane Camille will be: C.P. Wimberly, administrator, Memorial Hospital at Gulfport; Lester L. Tuck, Director, Singing River Hospital System, Pascagoula; H. J. Blackledge, administrator, Hancock General Hospital, Bay St. Louis; John P. McDermott, administrator, Howard Memorial Hospital, Biloxi; Percy F. Miller, administrator, Ocean Springs Hospital, Ocean Springs; L. B. Lamm, M.D., administrator, Veterans Administration Center, Biloxi; and Surry A. Grant, administrator, L. O. Crosby Memorial Hospital, Piquette.

TEMPORARILY STORED in the main warehouse of the NASA Mississippi Test Facility was approximately 15,000 pounds of food, clothing, convenience items and toys donated by the congregation of the New Albany Baptist Church, New Albany, Miss., for the relief of Hurricane Camille victims.

VFW POST 3253

There will be a meeting of Theo. S. Price Post 3253 Veterans of Foreign Wars at the legion scout house across from Star Theater Thursday, Sept. 25, at 8:00 P.M. The District Commander will be present.

Mrs. Ramond Honored With Special Award

Mrs. Earl Ramond has recently received the Community Leader of America award and has been selected to appear in the 1969 edition of Community Leaders of America. This award is given in recognition of past achievements and outstanding service to community and state.

Mrs. Ramond holds B.S. and M. A. degrees from the University of Southern Mississippi. She has taught for the past twenty years in the schools of Hancock County, serving as classroom teacher in the Bay St. Louis system and as elementary principal at both Christ Episcopal Day School and Hancock North Central Elementary.

She is past president of the Bay St. Louis Education Association and the Bay-Waveland Reading Council of the International Reading Association. Mrs. Ramond holds membership in Hancock County Teachers Association, M.E.A., and Psi chapter of Delta Kappa Gamma, an international society for key women teachers. A member of the First Baptist Church of Bay St. Louis, she has held various positions within that body and is currently a teacher of adult women. She

has served as Sunday School superintendent, assistant organist and pianist, and as a teacher of primary and junior age children.

Mrs. Ramond's love for children is the basic reason for her choice profession. Having no children of her own, she states that she has "borrowed" all of her students for a short time as she tried to lead them on to a better education. Her deep dedication to education is apparent to those around her.

Plymouth CHRYSLER

Here's 1970.

**Plymouth
makes it**

1970 Hemi-Cuda.

This year, there are 10 new Barracuda. And a new Hemi-Cuda. It looks substantially. (We've packed a 426 Hemi engine in the "Shaker" hood on one of them and called it the Hemi-Cuda.)

However you look at it, our Barracuda is all new. We've moved it two inches closer to the ground. Pushed the wheels farther apart on our standard torsion-bar suspension. Put a tough optional bumper on the front that comes in most point colors. And given the interior the design and comfort of a jet cockpit. If you want a car that makes it, Plymouth makes it.

1970 Sport Fury Brougham.

Here's our luxury mode. (One of 28 Fury models with a new 360 engine. It's big enough inside to carry six adults in comfort. It's plush. But the price is still Plymouth. With a front seat that has individual adjustments for the driver and passenger, center armrests, and a reclining back on the passenger's side. Of course, the carpeting is thick, the headlights are hidden, and the price is still Plymouth.

Whether you like your luxury in small packages, or as big as a 1970 Sport Fury, Plymouth makes it.

Bay Girl Is Semifinalist In Scholarship Program

Director of Guidance Billy Sills has announced that Mary Ellen Murphy student at Bay Senior High School has been named Semifinalist in the 1969-70 National Merit Scholarship Program.

Miss Murphy is the daughter of Mr. and Mrs. Samuel Patrick Murphy, Sr., 224 Polk City St., Bay St. Louis.

The 15,000 Semifinalists appointed today are among the nation's most intellectually talented high school seniors. They will compete for about 3,000 Merit Scholarships to be awarded in 1970.

The Semifinalists were the highest scorers in their states on the National Merit Scholarship Qualifying Test (NMQST), which was given last February to some 750,000 students in 17,250 schools nationwide. They constitute less than 1 percent of the graduating secondary school seniors in the United States.

The Semifinalists are representative of the country's most intellectually able young people, according to Edward C. Smith, president of the National Merit Scholarship Corporation (NMSC). "From this group will come many future

leaders in business, industry, and the professions," he said. "By the time they are brought not only to themselves, but also to their families, their teachers, and their communities. The future success of these young people, will, however, depend upon their ability to become productive at the high intellectual levels that they are capable of attaining."

Semifinalists must advance to Finalist standing to be considered for the Merit Scholarships to be awarded next spring. Semifinalists become Finalists by receiving the endorsement of their schools, substantiating their high NMQST performance on a second examination, and providing information about their achievements and interests.

About 97 percent of the Semifinalists are expected to become Finalists, and each will be considered for one of the 1,000 National Merit \$1,000 Scholarships which are allocated by state. Many will also be considered for the renewable four-year Merit Scholarships provided by some 400 corporations, foundations, colleges, unions, trusts, professional associations, other organizations, and individuals. Each Finalist will receive a Certificate of Merit in recognition of his outstanding performance in the program.

Winners of four-year Merit Scholarships may receive up to \$1,500 a year for four college years, depending on their individual need. Winners of the National Merit \$1,000 Scholarships will receive their non-renewable one-time awards upon enrollment as full-time students in accredited U.S. colleges or universities.

High school grades, accomplishments, leadership qualities, and extra-curricular achievements of the Finalists are evaluated, along with test scores, in selecting Merit Scholarship winners.

NMSC identifies the Semifinalists to all regionally accredited colleges and universities and to other scholarship-granting agencies and sources of financial aid. Studies in former years have shown that about half of the Semifinalists received financial aid from sources other than the Merit Program. Names of the 1969-70 Merit Scholarship winners will be announced April 30, 1970. Some 21,800 students have received Merit Scholarships in the fourteen annual programs to date. About \$67 million in financial assistance to Merit Scholars and their colleges has been expended or committed through the Merit Program.

What ever became of Sidney's Beauty Bar and all those well-groomed ladies?

VISIT MITCHE'S DRIVE-IN, 207 ULMAN AVENUE ACROSS FROM BAY JR. HIGH

AFTER SO LONG A TIME one apparently becomes accustomed to almost anything, and we hardly realize that our area is still not exactly a thing of beauty until we see the expression on the face of a visitor who is viewing the scenery for the first time. A. C. At present, everything looks so many thousand times better than it did on the clear morning, Monday, Aug. 18, that we pause to admire newly cleared streets daily, and are so pleased with each step forward that we've almost ceased to shudder each time we pass another remnant of the hurricane's

AND THE NOISES which we now accept as just another facet of our new way of life; the wall of power saws, deafening blasts of helicopter engines, roaring of heavy equipment and endless rumbling of passing trucks; all cause each new corner to cringe and shake his head in amazement that we're not all permanently deafened by the, to them, nerve jangling sounds. Frankly, we're all so happy that these miracles of modern automation have come to our assistance, that we wouldn't complain about anything that is helping us along the long road to the return to life, as it was in the days B.C.

THE REHABILITATION period is also responsible for innovations in the form of entertainment. Slab parties are the "in thing", and St. Clare's Holy Name Society is sponsoring a dance to be held where the parish hall once stood on Friday night, Oct. 3. Donation is only \$5. per couple; mixers free, and beer will be sold on premises. Tickets may be obtained from Waveland Drug, by phoning Phyl or Jimmy Lagasse at 467-4997 or at the "door". In the event of inclement weather, Rev. Paul Maloney says that the cafeteria, which still boasts a roof, will be pressed into use. Little profit is expected from the affair, but the sponsors feel the dance will be a great morale booster for fun loving hurricane victims.

THE FIRST slab party was tossed on the site of Haverty's Restaurant on Sunday, Sept. 14. A number of Bessie and Lester's friends and patrons were brought together more or less spontaneously by John Auderer. Some congratulating the Haverty's on their decision to rebuild included Margie Auderer, Linda and Tommy Kidd, Phyl and Jimmy Lagasse, Ruth and Don Campton, Gladys Beetha; the newlyweds, Helen and Johnny Daurio; Claire and A. J. Frey, Max Giamelloni, Mike Haas, Sonny Haas, Ann and Henry Develle, Lois and Pat Glass, Fran and Urban Stork, Pop Gonzales, Betty and Gerald Kennedy and Jeff Jeffrey. Gee Mollere arrived in her wheel chair accompanied by her sister Hazel Herlihy, and even the eminent Bishop Brunini put in his appearance.

THE BISHOP also shared coffee and donuts with Holy Name Society officers after early mass at St. Clare's. The breakfast was served at the new "sidewalk cafe"—the parish hall slab. LAMBERT BORDAGES' new Lakeshore home is now under construction and he hopes to move in within the next few weeks. LAURA AND AL MOORE'S South Beach home now looks almost as lovely as it did B.C. BOBBIE AND MAX TRELLES and children are now living in their new trailer, which is parked where their large home formerly stood. JENNY LYNCH, who owned a home in Garden Isles B.C. and also lives in New Orleans, is a true animal lover and went all out in her effort to discover the owners of a small dog which she found wandering around in the Crescent City several days after the hurricane. She learned from the animal's tag that it had belonged to Wavelanders, but was not given the correct name. She drove to Waveland and finally by checking on the box number, discovered that Jean and Herb Ratenburg were the owners, but no one knew where they were living. Jenny spent hours walking around the big city trying to locate the Ratenburgs, and finally acted upon a hunch and began questioning managers of large apartment buildings. She finally found Jean and Herb just a block from her home and they were overjoyed when reunited with their pet. He had disappeared

the day of the storm and they were forced to evacuate without him. When they were finally able to get back from Hattiesburg on Tuesday A. C., he was patiently waiting for them upon what had been the roof of their home, but vanished again shortly after they had moved into the New Orleans apartment. JENNIE ALSO reports that a large number of boats are aground in Garden Isles, small cabin cruisers, outboards, skiffs, etc. If you haven't found your boat it may be among those she spotted. Garden Isles isn't far from Joe's Bayou and may be reached by driving north-west on Blue Meadow Road. BELLE AND JERRY Cox and children Sheryl, Jay and Todd, spent Saturday in Waveland. Jerry is a very capable mechanic and he spent the day repairing hurricane damage automobiles and power mowers at absolutely no charge whatsoever. DEE AND BUDDY DODSON and Bobbie and Henry Maggio are among proud new trailer residents. BETTY (Mrs. Howard) Smith and Cathy (Mrs. Sam) Reitz drove all the way from Picayune and Slidell, respectively, to join the Thursday bridge group in its first A. C. session. CLAIRE AND JOHN STACK and family have returned to Waveland and are living on Whispering Pines, just across the street from their Camille crushed home. BAY HIGH TIGER football team tromped the Pearl River gridgers soundly in their first game of the season played at Tiger Stadium Friday afternoon.

MUCH PRAISE also goes to the Bay High band left directorless after Richard Ford accepted another position shortly before school begun. Prof. Marcel LaNasa doubled his chores, as he also has charge of the elementary school band and assisted this capable group. We're also told that Becky Blackledge did a great job of taking over as drum major and helped to pick up all of the young musician's spirits with an inspiring pep talk.

VIRGINIA AND FRED Wagner spent last weekend visiting friends in Natchez, Miss. SALLY AND JACK Wilson of Dallas, Texas are among the many nice people who have arrived in our midst A. C. BONITA (MRS. FRED) CA-

MISS MARY E. MURPHY

MISS MARY E. MURPHY

Infant Baptized

Robert Joseph Boudin, Jr., infant son of Mr. and Mrs. Robert Joseph Boudin, was baptized Sunday, Sept. 7 at Our Lady of the Gulf Catholic Church with Rev. John Noone officiating.

Godparents were Mrs. Gerald Saucier and a paternal cousin, Billy Ray Osbourne. A reception followed in the home of his maternal grandmother Mrs. Lois Maurigi.

Infant Baptized

Karen Lynn, infant daughter of Mr. and Mrs. John Smith of Biloxi, formerly of Bay St. Louis, was baptized Sunday in Our Lady of the Gulf Catholic Church with Rev. John Noone officiating.

Godparents were maternal cousins Miss Mary Rita Strong and Matt Karl of Bay St. Louis. Following the christening a family reception was held at the home of Mrs. Smith's mother Mrs. Richard Boudreaux.

Kidd Baptized

Kristy Lee Kidd, infant daughter of Mr. and Mrs. Raymond Kidd Jr., was baptized Sunday afternoon in Our Lady of the Gulf Catholic Church with Rev. John Noone, officiating.

Godparents were a maternal aunt Miss Shirley Kingston, and a paternal cousin Maury Phillips of Moorhead, Miss.

A reception followed in the home of the grandparents, Mr. and Mrs. Nolan Kingston. Kristy Lee was born on the birthday of her mother, the former Jackie Kingston, and her grandmother, Mrs. Nolan Kingston, September 7.

Tax Copy Service Offered By IRS

Victims of Hurricane Camille who lost personal records and who will need copies of tax returns are urged to request copies as soon as possible. J. G. Martin, Jr., District Director of Internal Revenue, states the Internal Revenue Service expects to receive many requests for copies of prior year income tax returns from taxpayers who lost most or all of their records in Hurricane Camille. Copies of returns may be needed for purposes of securing loans as well as for preparation of current returns. Procedures have been established for expeditions processing of such requests, Martin announced, and every effort will be made to furnish the material requested as soon as possible. The Internal Revenue Service is required to make a nominal charge to cover reproduction costs.

Requests may be made by telephone to the Gulfport office or by letter to the office of District Director, P. O. Box 370, Jackson, Mississippi 39205.

MR. MONROE JORDAN OF WAVELAND, MISSISSIPPI, LIVERY OF HIS CHEVY PICK-UP TO CHEVROLET SALESMAN J.C. KOENEN

Mr. Monroe Jordan of Waveland was very happy with the way he was treated by the folks at Lamar-Lane Chevrolet. When he made up his mind to buy a new car, he knew that he would receive the best deal. Mr. Jordan a new Chevy pick-up at a very happy with the way he was again treated by the folks at Lamar-Lane Chevrolet. It was hard to please their customers. If you're looking for a new car, truck or station wagon visit J.C. Koenen, he could save you many dollars on the new 1970 Chevrolets. LAMAR-LANE CHEVROLET, INC. (A Gerry Lane Enterprise) Adv.

Triumphant Trinity To Rise From Rubble

BY JOE PILET
Staff Writer

At the intersection of Highway 90 and Church Street in Pass Christian a sign announces the schedule of worship for Trinity Episcopal Church. For one hundred and twenty years communications and visitors from partially every state, and many foreign countries have found spiritual nourishment, peace and a sense of serenity in what was known as "the oldest protestant church between Mobile and New Orleans." All of that is gone now — the architecturally perfect little white frame Gothic church, with its stained glass windows, sitting well back from the beach in a moss draped grove of live oak trees. That is, almost all of it is gone. Remains of the former church parish house, and educational building are three sets of steps, two foundations, a set of foundation piers — a pile of splintered boards and some debris deposited by Hurricane Camille on August 17. Not quite all — for the faithful are probing and digging beneath that rubble to find precious relics and memorials to preserve, or possibly restore to use, in a new Trinity Episcopal Church that is destined to rise from the rubble.

In a deeper sense Trinity Episcopal Church was not destroyed, for a church is made up of a body of people having a spirit of unity in belief. The people of Trinity were never more united — for grief and loss tie strong bonds. Loss of the physical structure is far overshadowed with grief for Trinity's dead now numbering 13 known and some still missing and presumed dead. Grief, too, for the family of Paul Williams, faithful sexton of Trinity Church, whose wife, ten children and one grand child died in the Parish House on that fateful night. Still missing and presumed dead is Otis, another member of the Williams family. Yes, lovely Helen Hardin, wife of the Rector, the Rev. Durrice B. Hardin is sadly missed as is Elizabeth Dambink, Capt. and Mrs. William John, Mrs. William Lutge, Mmes. Eric Lundberg, Frances Ann T. Magee, also her little five-year-old daughter called Stacy Diana. Then, too, was Mrs. Olive Whitehead Huit McBryde who lived at 240 West Beach and walked to church for the eleven o'clock services almost every Sunday, and Jesse Ineson Nelson, so well known for her work as treasurer of the St. Monica Guild and also her energy and ability when steering the annual fund-raising rummage sales. Jesse's husband is gone, too — E. Lawrence Nelson. They lived in Long Beach, 234 Lang Avenue and

rarely even missed a Sunday service. The list grows. Kathleen Rivers Simmons is dead at 59, she was the wife of Eric S. Simmons; Jack Matthews who did so much work toward beautification of Live Oak Cemetery. His wife, Zoe, is missing, presumed dead. Then there were the frequent visitors from Long Beach who lost their lives: Mrs. Phoebe Jones whose membership was in St. Peter's-by-the-Sea. Phoebe had recently received the Thanks Badge for outstanding work in Girl Scouting and had come into her own a very fine artist. She and Mrs. Frances Cooper Savage, also a frequent visitor to Trinity, were found together. They lived in Long Beach on Oak Garden Avenue. Genevieve and Sam Owen of Gulfport were frequent visitors, too. They came to the weddings, sometimes were in them — for that couple was well known, well loved.

WORSHIP CONTINUES

Yes, for one hundred and twenty years worshippers have attended services at Trinity. They still do. A space was cleared as soon as possible in the church yard and some metal chairs are there. Visiting ministers live in a small camper-trailer and take showers in the dark of the night under a very basic hole punctured tin-can shower head with a trickle of pressureless water that's contaminated. They start office hours by plugging in a phone line that is connected to the trunk of a massive live oak tree. A tree with a trunk large enough to make it an eligible candidate for the Live Oak Society! Office hours end when the phone plug is pulled. No clock watching here. No luxuries. One comfort — the knowledge that a parish is being served uninterrupted.

AN EAGLE ON THE GROUND

Spread beneath another oak are the sparse but precious relics reclaimed from Trinity's rubble. Displayed prominently is the large brass eagle upon whose mighty back long rested the Holy Bible. Also recovered are a few altar hangings. The color purple. An expression of mourning and grief! How strangely meaningful that only the purple ones were found. Several brass memorial plaques have been retrieved, too, and they include a memorial to Benjamin Yoe Morrison, 1891-1966. Mr. Morrison — musician and horticulturalist renowned who did so much for the community. An acorn carved post-top is there, too. Next the memorial plaque of Jane Matthews Finley 1920 and Isabel Bowman Finley 1922; near an altar vase is the memorial to the Glory of God and in memory of John Dunbrach Ewing and Helen Gray Ewing — also a plaque for Wilson Ewing 1901 — Sept. 8, 1952. And then the Trinity Park plaque in memory of Kathrine Dunbar Ewing — Toulmin Hunter Ewing 1947. How closely associated with Trinity the philanthropic family of Ewing! Now — a plaque to the Rev. Nowell Logan D.D. 1838-1924 has been found. The Reverend Mr. Logan lived in the Episcopal rectory for almost twenty-five years and had the longest record of service of any rector connected with Trinity.

The rambling old rectory built in 1898 stood more than seventy years and was stout enough to withstand the famous forty-seven hurricane, more recent Beary and many lesser "blows". The Hardins had restored it with good taste and it was hospitably opened for teas and the annual New Year's Open House.

A fragment of steeple top points skyward. Another memorial — this to John and Laura Henderson, (1851) The Hendersons', successful real estate developers for whom Henderson Point was named, donated the land that embraces Live Oak Cemetery. Their plaque was once on the cemetery's main entrance gate. Next one sees the inscription "This chancel is erected to the Glory of God and in loving memory of Mary Stewart McCullach 1894." Now a plaque dedicated to R. Thomas Staughton Savage, first rector of the Parish, "entered to Rest December 29, 1880". Also found was the memorial to The Reverend Willis Gaylord Clark who faithfully served the Parish from 1947 to 1953. Dr. and Mrs. Clark hosted the celebration when Trinity was one hundred years old. Still firmly on its cement slab is the bronze plaque in connection with a memorial fountain in memory of "Faithful

BROTHER CELESTINE
New Position
For Stanislaus
Faculty Member

Brother Celestine Algero, S.C., faculty member of St. Stanislaus High School in Bay St. Louis, Mississippi, has been elected for a two year term to serve as president of the Southern Unit of the Catholic Business Education Association. This Southern Unit comprises the states of Mississippi, Louisiana, Tennessee, Texas and Arkansas.

Brother Celestine previously held the office of treasurer of the Southern Unit, and he is retaining that post until an election.

Lt. Joe Ebert Allen, Silver Star, U.S.M.C. July 1946 — May 24, 1968, Vietnam. Church flags and dogwood trees on the grounds were also dedicated to this acolyte and crucifer who so willingly gave his life in battle. There, too, is the kite from one of the lovely old stained glass windows still retaining its jewel-like qualities! And the bell . . . that called the worshippers to attention . . . brought them to their knees! Incidentally, this bell was casted in a foundry in Louisville, Kentucky.

Mr. and Mrs. John Parker have reported success in locating a few of Trinity possessions. They are safe-guarding them at their home on St. Louis Street.

REMOVE NOT THE ANCIENT LANDMARK

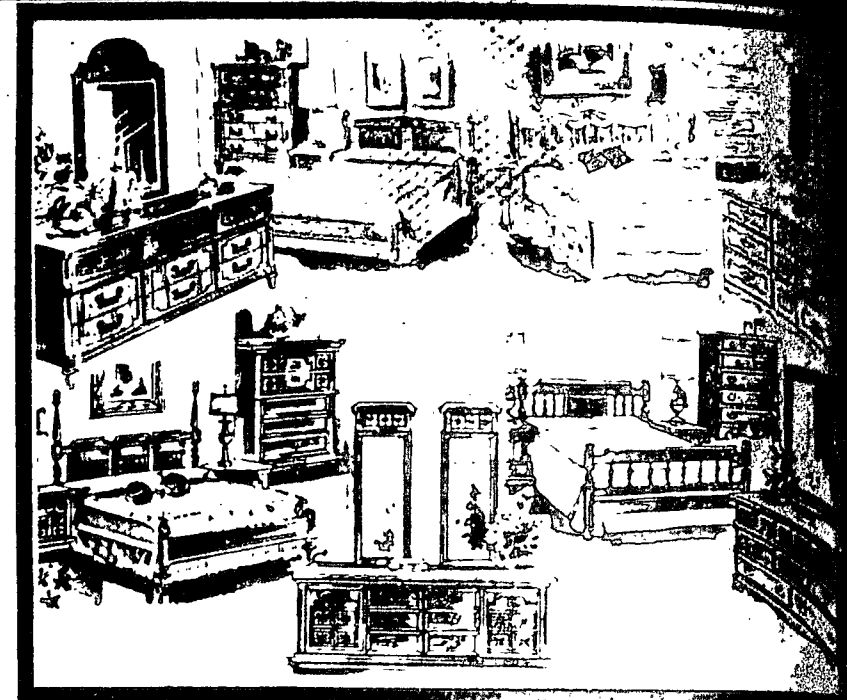

The vestry, reflecting the voice of the people, plans toward a re-built Trinity Episcopal Church. A church of the people and by the people and dedicated to God in the Highest. Generous offers are coming forth and Trinity is to be re-built. Lincoln once said: "It is difficult to make a man miserable while he feels he is worthy of himself and claims kinred to the great God who made him." And so, while the people of Trinity carry sadness within their hearts they carry too a proud determination to build a worthy edifice to house the Church of Trinity.

(Rights of re-print on this article are reserved and permission of the author is requested.)

Don for treasurer can take place in his capacity as president of the Southern Unit, he is a member of the National Executive Board of the Catholic Business Education Association.

Brother Celestine is currently chairman of the Business Education Department at St. Stanislaus and is also chairman of the Business Education Committee of the New Orleans Province of the Brothers of the Sacred Heart. He holds a bachelor's degree in Business Education from Spring Hill College, Mobile, Alabama, and a Master of Education degree from Loyola University in New Orleans, Louisiana.

GM Science Program To Be Shown

Local students will look into the future when General Motors "Previews of Progress" science show appears at Bay Junior and senior high schools on Monday, September 29, 1968, at 10:00 a.m. and 2:00 p.m. respectively.

PC Council Petitioned To Re-zone

A sub-division owned by Logan C. Cline of Hursey Ave. in Pass Christian and known as "Lat 35" was under eight feet of water during Hurricane Camille. Mr. Cline now feels that the property is unsuited for higher priced homes and has petitioned the City Council for a re-zoning since he feels it unfeasible to sell large sized lots. Mr. Cline said he plans to sell this property to other developers. The City Council has taken the petition under consideration and expect to make a ruling on the proposed re-zoning at their next meeting.

The non-commercial show, according to General Motors President Edward N. Cole, "seeks to inspire more student interest in science and engineering careers to provide the trained talent America needs to keep pace with the promise of the future."

Previews, demonstrations depict work being done today in America's research laboratories and point out the contributions of research to modern living. A two-man team narrates the live show in non-technical language.

More than 80-million American students and adults have seen Previews since 1946. Millions more have seen the world-famous GM show in Canada and 25 foreign countries, including special presentations made overseas at the request of the U.S. Department of Commerce. Featured in the current show are several energy conversion demonstrations -- gas turbine engines, fuel cells and solar

Daniel T. Hansen Is Promoted To Manager

Daniel T. Hansen, 37, has been promoted to Manager of Russell-Baker Finance Company, Bay St. Louis Office. Prior to this, Mr. Hansen was Assistant Manager in the Hardy Court Office. He has been employed by Russell-Baker since August, 1966.

Prior to coming to Russell-Baker, Mr. Hansen was

cells. Fuel cells convert chemical energy into electrical power and solar cells change sunlight into usable energy.

Another sequence, based on information obtained over the years in GM automotive safety engineering tests, emphasizes the importance of wearing seat belts when driving or riding in an automobile.

In all, students will see nine research-in-action demonstrations. Previews have received wide acclaim from educators and civic organizations for its efforts in encouraging more student interest in technical career opportunities.

Manager of Shore's Banquet Food Store in Long Beach, He is a graduate of Long Beach High School.

Mr. Hansen and his wife, Beth, and two children, Daniel Jr. and Jeffrey, reside at 131 North Seashore Drive in Long Beach.

Parts of North Beach Blvd. are sinking dangerously. Take it slow and easy should you drive in that direction.

ral grant of a million under way. This was announced by Dr. Guy D. Campbell, Mississippi regional medical program co-ordinator. The grant is from the Department of Health, Education and Welfare.

US RUDOLPH OF WAVELAND AND HIS NEW "BLUE WITH LAMAR-LANE CHEVROLET SALESMAN HERB

us Rudolph bought his first new pick-up truck from son of Lamar-Lane Chevrolet in Bay St. Louis. His upad the misfortune of meeting Camille, it was a total. The first thing Mr. Rudolph did was go see Herb to t he knew that Herb would help him. Herb helped with his insurance claim and got him a real good settle- He was able to give Mr. Rudolph a very good deal on (Ch) pick-up. Mr. Rudolph is very happy with his new "Blue" and is telling everyone he knows to go and see Baroq! they want a good deal on a new car, truck or in wagh, he could save them many dollars. 1970 Factory Chevrolet are rolling in at Lamar-Lane Chevrolet. AR-LAN CHEVROLET, INC. MR. GUS RUDOLPH (erry Loe Enterprise) Adv. Waveland, Miss.

MICHAEL J. COLLIER

Michael Collier Attends Special Training Course

Navy Midshipman Second Class Michael J. Collier, son of Mr. and Mrs. Thaddeus L. Collier Sr., of 316 St. John St., Bay St. Louis, Miss., recently attended a three-week Summer Aviation Induction Training Course at the U.S. Naval Air Station in Pensacola, Fla. His training included a briefing of the Naval flight program. He also performed the duties of a co-pilot in a Navy Mentor Trainer aircraft. His flight indoctrination training included the performance of many of the maneuvers used in the Primary Phase of a training squadron's flight training.

Let's bottle up a batch of this muck and mud and sell it for glue. Works well as a seal-coat on anything—glass, wood, cement.

CAPT. JERRY S. STEPHENS

Teenagers Rebuild Baptist Church At Henderson Point

The Long Beach First Baptist Church welcomed a group of sixty-four teenage boys and girls arriving last Friday from Pensacola, Florida, their mission being to rebuild the Henderson Point Baptist Church and do it within a day. They came in Greyhound buses with their food and bed rolls and building materials, accompanied by 19 adult supervisors and three experienced builders.

Leaders of the group were Paul Royal, minister of music at the Pensacola First Baptist Church and Miss Helen May, youth director.

J.W. Brister, superintendent of missions for the Baptist churches in the Gulf Coast area expressed gratification and lauded the young people involved in this project.

Jerry S. Stephens Promoted To Captain

Jerry S. Stephens, son of Mr. and Mrs. R. J. Stephens of 325 Julia St., Bay St. Louis, Miss., has been promoted to captain in the U.S. Air Force.

Captain Stephens, an aircraft maintenance officer in a unit of the Pacific Air Forces, is assigned at Tan Son Nhut AB, Vietnam.

A 1959 graduate of Bay High School, the captain received his B.A. degree in 1965 from the University of Southern Mississippi.

He was commissioned in 1966 upon completion of Officers Training School at Lackland AFB, Tex.

The weather continues good for fishing. Bass and perch are being caught as well as salt water fish. Local rains seem to help fishing rather than hinder it. Have been staying in New Orleans since the hurricane. Don't have much news regarding fishing as to who and where they are catching them.

Was interesting to meet Wilson C. Bourg former resident of the Bay. Wilson still loves outdoor sports. He goes fishing, hunting and golfing on every occasion. His mother lost her home in Waveland during the you know what.

John Bourgeois originally from Thibodaux is an ardent fly fisherman. John says it feels good to see them hit regardless of their size. Will make that trip soon, Buddy.

From inside information learned that they are catching big white shrimp in the middle of Lake Pontchartrain, along the causeway. It's always good news when shrimp are being caught. Must be Mexican shrimp as we know them.

Don't overrate or underestimate a fisherman. They most all have an urge to lie a little.

According to Dr. Lyle S. St. Amant, asst. director of the Wildlife and Fisheries Commission up to 40 percent of

Louisiana's oyster beds may have been damaged by Hurricane Camille. The commission is seeking \$200,000 from the Federal Government to rehabilitate the seed beds. The damaged beds are in the area from the ships channel to the Mississippi State line. It is not believed the supply of oysters will be affected in La. and Miss.

Again with regret we announce the death of Milton Anthony Phillips, Sr., better known to his friends as Hippo Phillips. Hippo in his younger years was an athlete of renown from St. Stanislaus, later becoming a coach. He had numerous friends in the Bay and as we say a real sport.

Among those who have been catching some fish is Sam Meyers. Sam fishes most anywhere and uses only the old time perch pole. He is hard to beat when it comes to catching them.

The old saying goes, a barking dog never bites. You know that and I know that but the dog doesn't know that.

Ray Garner has returned to Bay St. Louis after being away a few months. Ray loves his fishing and hunting. He reported making a nice dove hunt this side of Memphis recently. There were plenty doves he

MR. AND MRS. FRANK KLEIN, SR. GET THE FIRST 1970 IMPALA SEDAN DELIVERED ON SHOW DAY, SEPT. 18, 1969, FROM HERB BARON, SALESMAN AT LAMAR-LANE CHEVROLET IN BAY ST. LOUIS.

Mr. and Mrs. Frank Klein, Sr., former residents of Clermont Harbor were in the need of a new car. They decided to wait until the 1970 models were available. Since most of their very large family have cars and trucks from Herb Baron at Lamar-Lane Chevrolet, they decided to pay him a visit. They knew that he would give them a very good deal. Mr. and Mrs. Klein were able to get the first Lamar-Lane Chevrolet Impala sedan delivered on Show Day and are very happy with the new car. If you're thinking about buying a new car, the time is now, visit Lamar-Lane Chevrolet and ask for Herb Baron. He could save you many dollars. The 1970 Chevrolet have everyone talking about them. Legion Awarded O'Neil Trophy

The Department of Mississippi of The American Legion was awarded the Ralph T. O'Neil Education Trophy given annually to that Department, within the continental limits of the United States, showing greatest Americanism activity in use of American Legion School Award medals. The School Award medal is designed to: Place emphasis on the development of the qualities of Courage, Honor, Leadership, Patriotism, Scholarship and Service. Develop these ideals of Americanism among young people which will make them citizens of the highest type. Give recognition through the award of American Legion Medals to the boy and to the girl who are deemed worthy of the high qualities of citizenship and of true Americanism.

The winner of this Trophy is automatically determined by the number of orders from the Posts or Auxiliary Units of a Department placed with the National Organization of The American Legion for the official medal known as "American Legion School Medal Award", as compared with the total number of Posts in the Department on December 31 of the immediate preceding year.

tasty fish but to us its not worth bringing home.

According to some fish are not worth eating after a hurricane. In our way of thinking that's wrong. Our streams have a falling and rising tide. How can they be contaminated?

Flounders are still being caught. They are valued very highly as an excellent food fish. Young flounders start life as a normal fish but as they mature one eye moves to the top-side of the head near the other as they rest on their side on sandy bottoms. They are good when friend, baked or broiled.

Did you know that North Shore and South Point in Lake Pontchartrain are ideal places for trolling for speckles from now on. They are also caught on live shrimp. Several good catches were made there the past week.

The water at Pearl River, East Middle and Middle River is good. Green trout and perch are being caught regularly by fly fishing and casting. A surface bug or plug will do the trick.

Don't hear much about local sportsmen doing much fishing. Camille is to blame.

2372 ST. CLAUDE 2121 S. CLAIBORNE
NEW ORLEANS, LOUISIANA

September 15, 1969

Mr. Mike Brenner, General Manager
Universal Furniture House, Inc.
2372 St. Claude Ave.
New Orleans, La. 70117

Dear Mr. Brenner:

Just a few lines to let you know how much we appreciate your cancell-
ing our debt, which was for furniture purchased from Universal Furni-
ture House ruined by Hurricane Camille.

We have been a customer of Universal Furniture since 1952. We have
always enjoyed the friendly atmosphere, courteous sales people, and
reliability of your products.

With so much hate and animosity in this modern world today, it is so
refreshing to find a person such as you. A man who is so kind, gen-
erous, and understanding to the needs of his fellow-man.

So, thanks again from my family and me and also all of the other
victims which you have helped from Hurricane Camille.

Sincerely,

Mrs. Norman J. Scott
129 Hartole Dr.
Waveland, Miss.
